Rules re the Sanitation of the market.

4. The proposed Amendments 1 to 6 are unobjectionable and may be sanctioned. As regards Amendment No 7, the Pres. points out ~~the~~ certain inconveniences resulting from the absence of such a provision ~~in these rules~~ as the one proposed in the rules. He suggests that Condition 21 of the Conditions re the lease of the market may be introduced after the present rule 13. There seems to be no objection to this; but it may be pointed out that Rule 14 provides for a breach of any of the rules and it is not clear why it was not availed of in such a case of selling unfit-nice as the one referred to in the Pres's letter. It is a question of consid-n

paying the fees. Rule 5 states that any person acting otherwise will have to pay double the fees. Whoever refuses to pay will not be permitted to expose his goods. All the fees are payable in advance; under Rule 16, the defaulter may be prevented from further carrying on trade. These provisions seem to be ample & hence the proposed rule which is of doubtful legality may be omitted.

(iv) Amendment No 7. This amendment does not seem to be quite legal. When Govt. passed these rules & conditions (sanctioning lease of the market) in May 1910, the rules relating to the Sanitation of the market were issued by Govt. under Sec. 34 of the mines Regn., while the rest of the proposed bye laws were treated as Conditions of leasing the Market. These latter conditions were not issued as Rules under the authority of Sec. 34 of the Regn., and were not therefore published in the Gazette as otherwise they should have been. Now the penalty prescribed in Sec. 36 is only for a breach of a rule made under Sec. 34 or 35 & ~~not~~ cannot be imposed for any breach of any other conditions

(but as conditions for the lease as the Robertsonpet market is the property of Govt.)

Two drafts are put up i. a draft order & a draft Notification. The draft amendments are annexed to them.

Para 1 of the draft order :- (Rules).

The omission of the words in Amendment No 6 is necessary to restrict it to Sanitary matters for which alone Govt can make rules under Sec 34 of the Mines Regulation

I don't understand this. In my opinion it seems desirable to retain these words, even in the interests of sanitation, for, if water is not to be polluted by coal, it must be kept free from dirty clothes & other articles & persons suffering from infectious diseases. LLL 29/6

Para 3 of the draft-order :- (Conditions). There is provision to recover the rent in advance in most cases from the lessees concerned (Conditions, 5 & 16); besides, amendment No 6 involves forfeiture which is too large a power and not clearly allowed by the terms of the Regulations. Hence it is negatived.

The 7th amendment is not accepted as Sec 36 is not applicable to breach of Conditions. It applies to breaches of only Rules

Para 4 of the draft-order :. Conditions are now said to regulate the lease but conditions 14 to 20 (old) & 15 A, 15 B & 15 C, (new or now proposed) are applicable to the public & not merely to lessees. Hence, the title should be changed to regulating the use & the lease of the Market.

Draft Notification :- It is more convenient to publish the revised rules as a whole in the Gazette & not merely the amendments. Hence the suggestion :-

Office of the President,
Kolar Gold Fields Sanitary Board,
Dated Champion Reefs the 6th August 1912.

From

P. F. BOWRING ESQUIRE,
President, Sanitary Board,
Kolar Gold Fields.

TO.

K. R. SRINIVASA IYENGAR ESQUIRE, M.A.,
Officiating Secretary to the Government of
His Highness the Maharaja of Mysore,
B A N G A L O R E .

Sir,

I have the honour to request that the sanction of Government may kindly be obtained to the accompanying draft amendments and additions to the rules for the sanitation of the Robertsonpet Market and to the conditions for regulating the lease of the Robertsonpet Market which were approved in Government Order No.10263-L.B.132-08-15 dated 14th May 1910. These amendments were discussed and approved by the Sanitary Board at its Meetings held on the 17th May and 19th July 1912. Copies of the Board's resolutions are herewith enclosed.

2. The amendments and additions Nos.1 to 6 proposed in regard to the sanitation of the Market explain themselves and do not seem to call for any remarks. A word of explanation is however necessary about the proposed amendment No.7, which brings under the rules relating to sanitation a rule which now finds a place under the conditions regulating the lease of the Market. Rule 21 of these "conditions" gives power to the Health Officer to prohibit a stall holder contravening any of the conditions from occupying a stall for a period not exceeding two months, or with the sanction of the Vice President to cancel his agreement altogether. But the Health Office

has very little to do with the lease of the Market. He is chiefly concerned with its sanitary administration, and such power conferred on him must be for the enforcement of the rules relating to the sanitation of the Market. Recently there was a case in which a merchant persisted in exposing for sale rice which the Health Officer, under rule 6 of the rules relating to the sanitation of the Market, condemned as unfit for human consumption, although the man had been repeatedly warned against bringing such rice into the Market. It was considered desirable to prevent him from holding a stall in the Market for two months, but it was found that the Health Officer had no power to order this, as the rule giving him such power occurs under " Conditions regulating the lease of the Market" and is therefore applicable to contravention of these conditions only. This rule had been inserted in the draft bye-laws submitted to Government, with a view to strengthen the hands of the Health Officer in dealing with merchants who habitually expose food stuffs unfit for human consumption for sale, in spite of repeated warnings and minor punishments, such as, prohibiting the sale of the particular goods found to be unfit. But when the rules relating to sanitation were separated from the conditions relating to the lease, by the Government, this rule was inserted under the conditions relating to the lease. The present proposal of the Sanitary Board to bring this rule under the rules relating to the sanitation may kindly be approved.

3. In the draft amendments to the conditions regulating the lease of the Market, Amendment No.2 is inserted with a view to enable the Sanitary Board to add to or alter the schedule of rates of fees from time to time as occasion arises. If this is sanctioned it will be unnecessary to address the Government in regard to such comparatively small matters as

has many matters to do with the issue of the Market. He is chiefly concerned with its sanitary administration, and such power conferred on him must be for the enforcement of the rules relating to the sanitation of the Market. Recently there was a case in which a mercenary detained in exposing for sale flesh which the Health Officer, under rule 6 of the rules relating to the sanitation of the Market, condemned as unfit for human consumption, although the man had been repeatedly warned against bringing such rice into the Market. It was considered desirable to prevent him from holding a stall in the Market for two months, but it was found that the Health Officer had no power to order this, as the rule vision him such power and is therefore applicable to contravention of these conditions only. This rule had been inserted in the draft bye-laws occurs under " conditions regulating the issue of the Market" submitted to Government, with a view to strengthen the hands of the Health Officer in dealing with mercenary and unintelligent exposes food stuffs unfit for human consumption for sale in public or reposted warnings and minor punishments such deprivating the sale of the particular goods found to be unfit. But when the rules relating to sanitation were separated from the conditions relating to the issue by the Government, this rule was inserted under the conditions relating to the issue. The present proposal of the Sanitary Board to bring under this rule under the rules relating to the sanitation may kindly be approved.

In the draft amendments to the conditions regulating the issue of the Market, Amendment No.2 is inserted with a view to enable the Sanitary Board to add to or alter the schedule of rates or fees from time to time as occasion arises if this is sanctioned it will be unnecessary to address the Government in regard to such comparatively small matters as

the two alterations to the schedule proposed under amendment No.3.

4. Amendment No.3 (1) recognises the existing exemption from night fees for four days in the month, and (2) gives effect to the resolution of the Sanitary Board to reduce the night fee in certain cases. Vide paras 5 & 7 of my letter No 109 dated 6th instant.

Sl 4 in RB
File No 237/1911 (1)

5. Amendment No.4 gives effect to the existing practice under which the Vice President fixes the rates of monthly rent for the permanent occupation of stalls. The monthly rent in such cases is fixed with reference both to the day fee and the night fee payable for the particular class of goods so as to allow a small saving to the tenant who takes his stall on a permanent agreement.

6. Amendment No.5 appears to call for no remarks. NO.6 is intended to meet the cases of persons who get into the Market without the proper ticket. At present there is no means of enforcing the payment of the amounts due from such merchants, and if a man does not pay up his dues, the Market sergeant waits till the next time the merchant comes to the Market and does not allow the man's goods to be taken inside until he pays up his dues. This is only a makeshift and an arrangement which is liable to abuse. It is necessary to empower the Market Sergeant t o seize a portion of the goods of such merchants, sufficient to cover their dues. The mere existance of such a power in the Market Sergeant will prevent any merchant from refusing to pay up his dues, and in case he considers that he has been made to pay anything in excess of what is rightfully due, there will be nothing to prevent his paying the amount under protest, and appealing to the Vice President.

7. Amendment No. 7 is intended to provide a punishment in the case of those who contravene the conditions, and who cannot otherwise be dealt with, or whom it is not considered desirable to deal with under the existing rule 16 which gives the Market Sergeant and his subordinates power to expel persons misconducting themselves from the Market.

the two alterations to the schedule proposed under amendment No.2

Amendment No.3 (1) recognises the existing exemption

from night fees for four days in the month, and (2) gives effect to the resolution of the Sanitary Board to to reduce the night fee in certain cases. Vide paras 7&7 of my letter No.1047dated 6th June

5. Amendment No.4 gives effect to the existing practice under which the Vice President fixes the rates for the permanent occupation of stalls. The monthly rent in such cases is fixed with reference both to the day fee and thenight fee payable for the ordinary class of goods so as to allow a small saving to the tenant who takes his stall on a permanent agreement.

Amendment No.5 appears to call for no remarks. No.6 is intended to meet the cases of persons who get into the Market without the Market ticket. At present there is no means of enforcing the payment of the amounts due from such merchants, and it often does not pay the Market Sergeant waits till the next time the merchant comes to the Market and does not want to allow the man's goods to be taken inside until he pays up his dues. This is only/reasonable and an arrangement which is liable to abuse It is necessary to empower the Market Sergeant t o seize a portion or the goods of such merchants sufficient to cover their dues. The mere existence of such a power in the Market Sergeant will prevent any merchant from refusing to pay up his dues, and in case he contends that he has been made to pay anything in excess of what is rightfully due, there will be nothing to prevent his paying the amount under protest, and appealing to the Vice President.

Amendment No. 7 is intended to provide a punishment in the case of those who contravene the conditions, and who cannot otherwise be dealt with, or upon it is not considered desirable to deal with under the existing rule is which gives the Market Sergeant power to expel persons misconducting themselves from the Market.

8. Two small modifications of the schedule are proposed in amendment No.8. The first is intended to give effect to the proposal contained in para 10 of my letter No.109 dated 6th August viz. to raise the fee payable by cloth merchants on Wednesday from 8as. to 1 Rupee as in the case of other classes of merchants. The 2nd alteration is with reference to the rate of fee levied on "chillies". The present rate is 2 annas for a bag of three maunds. The commodity however comes in bags of about one maund, for which a fee of 2 annas is considered excessive. It is therefore proposed to fix the fee at 1 anna per bag not exceeding 1½ maunds.

9. I request that the early sanction of Government may kindly be obtained to these amendments.

I have the honour to be,

sir,

your most obedient servant,

or other matter whatsoever" in amendment No 2, and (ii) "fully wrapping it up in cloth or paper" for "wrapping the same up in cloth or paper so that it shall not be exposed to the public view" in Amendment No 6.

2. Amendment No 7 being inappropriate in the Rules, is transferred to the Conditions

3. The portion of Amendment No 5 to the Conditions relating to the prohibition of bathing or washing at water taps is incorporated in the Rules, as it applies to the general public and not merely to lessees.

Amendments to the Conditions.

5. As regards the amendments to the Conditions for regulating the lease of the Market, Govt consider that the portion of the amendment No 5 concerning the prohibition of cycle riding can hardly go under the Sanitation Rules, that the Sixth amendment is not necessary in view of the sufficiency of the existing safe guards against non payment of rent by the lessees and that the Seventh amendment is not admissible under the Mines Regulation. The other amendments are approved with the substitution of "fair (Sante)" for "Shandy" in the first Amendment. A copy of the Conditions comprising the approved amendments is appended
